# Message From The Director

Assalamualaikum & Greetings,

It is with great pride that I welcome you to Tune Tech Voiture Sdn Bhd (Tunetech). Since our inception in 2017, Tunetech has grown from a small workshop in Ampang into one of the leading reconditioned car importers in Malaysia. Our journey has been one of passion, dedication, and an unwavering commitment to delivering the very best to our customers.

When we first opened our doors, our goal was simple: to offer quality vehicle services that people could trust. Over the years, we have stayed true to that mission, expanding our operations and elevating our services to new heights. In 2024, we took a bold step forward by entering the reconditioned car import industry, sourcing only the best vehicles from the United States, Europe, Japan and Korea. This expansion was born out of our desire to provide Malaysians with affordable, reliable, and stylish vehicles that meet international standards.

At Tunetech, our customers are at the heart of everything we do. We strive to make every interaction, every sale, and every service experience as seamless and satisfying as possible. Whether you're visiting our workshop in Ampang or exploring our Bangi showroom, you will be met with the same commitment to excellence.

Looking forward, our vision is clear: to continue pushing the boundaries of the automotive industry while maintaining the trust and loyalty of our customers. As we expand further, we remain grounded in our core values of integrity, quality, and customer focus.

Thank you for being a part of our journey, and we look forward to serving you for many years to come.
